

USING THE SEARCH FUNCTION

Purpose

Use this Quick Reference Guide to view the steps to navigate the Whirlpool Portal using the search function.

Steps

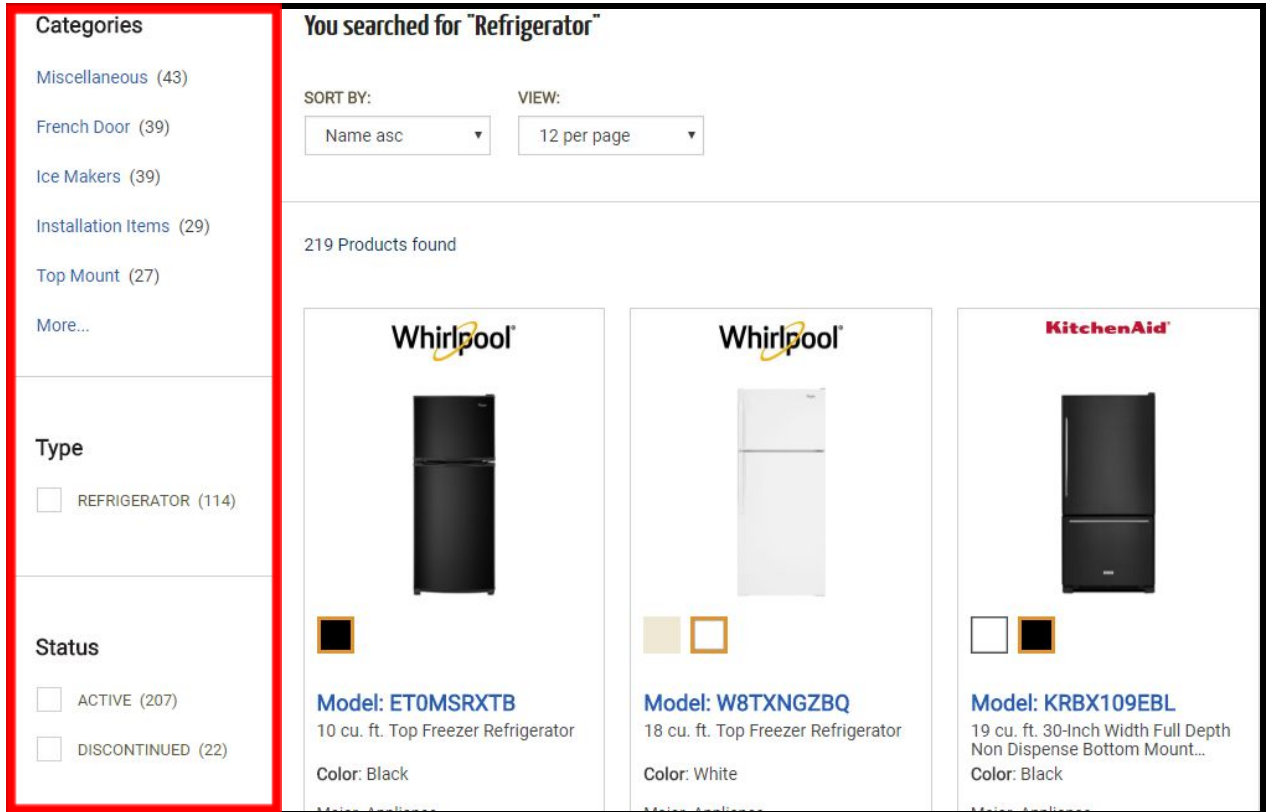

1. Start on the Whirlpool Portal **Home** page.

2. Enter the name of an item you would like to search for. In this example, type **Refrigerator** and click the **Magnifying Glass Icon**.

- A list of items related to your search displays. You can narrow your search further by applying filters. The filter options are listed on the left side of the page.

- You can also sort your search by clicking the **SORT BY** drop-down arrow and selecting a menu item by which you would like to sort the list.
